WATER FACILITIES

Water works owned by the Western New York Water Co. Mains laid in 1895. Water supply from Lake Erie, pumped to two reservoirs and directly into mains by three Westinghouse electric pumps, capacity five million galls. each and by two Snow steam pumps, capacity five million galls. each per 24 hours. Pumping station situated at Lake Erie. Depew Pumping Station situated one mile West of Post Office, has one Worthington pump of seven million galls. capacity and two Snow pumps, capacity 2½ million galls. each per 24 hours. Water supply from Lake Erie and a reservoir at pump house, having a capacity of 3½ million galls. Storage reservoir is situated six miles N.W. of Post Office, capacity ten million galls.

20 miles of water pipes 4" to 16" diam. 48 double hydrants. (To have 22 additional). Average pressure from direct pumping and gravity system, 80 lbs. per sq. inch.

FIRE DEPARTMENT

Volunteer; four companies. Gamewell fire alarm system; 12 boxes. Alarms sounded by whistle at Gould Coupler Co's Works. One hook & ladder truck. One hose wagon. Three hose carts; 500 ft. 2½" hose.

Grades level; Streets not paved. Public lights, electric.
